The Resources, Energy, and Industry Innovation Forum 2024 has an integrated marketing campaign being executed through the use of different marketing media, which includes:

### Conference Program

The conference program will include sponsor profiles, contact details and logos. The program will be available both online and to every attendee.

### Digital Marketing

The conference will use digital marketing techniques to reach the target market, including email marketing and social networking tools, including LinkedIn, Twitter, Instagram and Facebook. A weekly newsletter will also be circulated, with sponsor logos embedded.

### Web

We've established a dedicated website for the Resources, Energy, and Industry Innovation Forum. Pages within the site will include a list of sponsors, conference and workshop schedules and an online registration facility.

### External Parties

We will be working directly with participating businesses and organisations, such as three tiers of government agencies and departments, education providers and more, to augment our marketing and promotional efforts.

### Press Releases

A PR campaign is planned and will be disseminated via press releases to television, newspaper and radio; the press releases will announce the conference's progress and developments, as well as highlights to expect.

### Sponsor Branding

Sponsors will receive branding on the conference program, website, banner adverts and articles on the website and unprecedented branding at the conference.
