Workers Accommodation Demand | Everybody is doing it Now!

In a first for the WNSWLHD, we have purchased the former Endeavour Court Motor Inn, in Dubbo to boost available accommodation for staff servicing Dubbo Health Service.

The accommodation will provide a safe and comfortable place to stay in coming months for visiting doctors, nurses and allied health professionals and as a temporary home for newly recruited staff settling into the Dubbo community

This will also reduce the burden on the local rental market and our reliance on other higher-cost options.

Another Solution for Temporary Accommodation | Urban Release Areas

X-ELIO Forest Glen Solar Farm | VPA

- Council will receive \$200,000 per annum over five years
- Funding utilised for not-for-profit Community Housing Providers
- EOI process to consider:
 - Number of houses delivered
 - Length of time to deliver houses
 - Ability to deliver houses
 - Pathway to maintain houses as community housing

Greenfield in Dubbo and urban renewal in Wellington

Planning Agreements with community and with strategic intent

Planning Agreements - Policy Setting 1.5% CIV

Timeframe	Development Contribution	%PA
Year 1- 5	A Strategic project (nominated to be construction and maintenance of Forest Vale Road causeway being a council public road within 10km of the Project site)	54%
	Community Benefit Fund (funding for community groups and other not- for-profit organisations for projects, with a preference for projects principally situated within 20km of the project site)	6%
	Remaining funding (maintenance of council public roads within 20km of the Project site, that are not otherwise to be carried out or funded by or on behalf of a government entity)	38%
	Administration	2%
